-

Work Experience

Metafar | Frontend Developer

Argentina | Oct. 2024 - Jun. 2025

- Developed high-quality websites using React.js, TypeScript, SASS, and Material UI.
- Participated in product decision-making, providing suggestions and solutions.
- Implemented unit and integration testing to ensure software quality.
- Collaborated with backend teams to define data contracts and optimize communication.
- Identified and addressed technical debt to improve code maintainability and performance.
- Integrated RESTful APIs into a React-based e-commerce platform to fetch product data, manage user carts, and process orders.

Globant | Web UI Developer

Argentina | May. 2022 – Oct. 2024

- Developed web interfaces using React.js, Next.js, TypeScript, SASS, Material UI, Tailwind, and CSS.
- Maintained and updated versions using Git and Bitbucket.
- Implemented automated testing to ensure performance and functionality.
- Worked in micro frontend environments and monorepo repositories, ensuring efficient integration.
- Developed and modified APIs using Node.js and Express, implementing documentation with Swagger for better maintainability and scalability.
- Developed a React Native app for an NGO to distribute educational videos, enabling offline access, user authentication, and progress tracking.

BRANDLIVE | Frontend Developer

Argentina | Jun. 2020 – May. 2022

- Implemented e-commerce websites on VTEX, using React.js, jQuery, and SASS.
- Integrated UX/UI designs to enhance user experience.
- Collaborated with project managers to ensure successful deliveries.

APER | Frontend Developer

Argentina | Jan. 2020 – Jun. 2020

- Developed online stores on Prestashop using Vue.js and SASS.
 - Created custom modules tailored to client needs.
 - Implemented new designs in collaboration with UX/UI teams.
-
